

Grand Canyon National Park Ecomap

Xanterra, the National Park Service, and Grand Canyon's park partners, like Delaware North and Grand Canyon Service Stations, work together to provide sustainable amenities in Grand Canyon National Park, including water-bottle-filling stations, sustainably sourced food, and made-in-the-USA retail.

This map is a helpful guide to the sustainable services and resources available during your visit.

Go Wild
 Get yak trax and hiking poles at the Bright Angel Gift Shop, to enjoy the beauty of the park up close—and get a little exercise! You might meet Whitney (pictured here) around the village.

Buy Local
 Looking for souvenirs? More than 68% of the items available in Grand Canyon's gift shops are made in America. That means a stronger domestic economy and less environmental impact from shipping.
